Subscription Overview

BMC Client Management courses are designed for administrators who want to learn how to package and deploy system patches, monitor compliance using compliance rules, and extract useful information from the system using queries and reporting capabilities. Students will learn in a fast-paced environment created to transfer the maximum amount of Client Management expertise in a minimum amount of time.

Using examples, demonstrations, scenarios and laboratory exercises the content of the online education subscription help you develop skills in BMC Client Management administration, and configuration and details the use of this solution to identify and remediate system vulnerabilities.

Note: This is an annual subscription and is regularly updated and changed, without notice, based on product updates, improvements, and additions. During the duration of the subscription, users will have access to the latest content without incurring additional fees or being subject to additional registrations.
